„NEOGROUP"

"Analysis reports which took minutes, now take a seconds. "

"

The Management and Control of inventories has empowered us to make real-time decisions while creating strategies that have enabled the company to considerably increase sales.

Beniamin Herzyk, CIO

"

Industry	Production and sale of building materials
Employees	400 employees, 140 SAP Business One users
Reasons for choosing SAP	SAP Business One Analytics, powered by SAP Hana improves flow of information from sales as well as provides real-time access to data to better track inventory and delivery times.
Key Benefits	• Fast reporting technology which calculates and aggregates huge amounts of information • Fully integrated ERP system, working in real time, easy to adapt with SDK • Due to centralized IT infrastructure key users may access multiple databases connecting to one server, and using one license
Customer quotes	"Now we have a real-time comprehensive view of our sales territories, operations, and customer relationships which improves our entire business processes."
Implementation Partner	Soft Team Consulting SOFT TEAM·
